Lettuce—Red and Green varieties  
Broccoli—DiCicchio

## **1st Grade “Plant Part Salad Garden” Seeds/Supplies**

Carrots—Thumbelina, Nante or Babette  
Radishes—Easter Egg or Cherry Belle  
Swiss Chard—Bright Lights  
Lettuce—Two varieties, one green and one red leafed  
Broccoli--DiCiccio  
Sugar Snap or Snow Peas—be sure they are pole variety, not bush, if you plan to have a climbing vine  
**Transplants (optional):**  
Edible Flowers—Pansies and/or Violas

## **2nd Grade “Vegetable Cousins Salad Garden” Seeds/Supplies**

At least 2 visibly different varieties of each vegetable.  
Seeds: Carrots – Thumbelina and Nante or Babette, or one of the new purple varieties of carrot.  
Radishes – Easter Egg variety pack or Cherry Belle and French Breakfast  
Lettuce – Two to four visibly different varieties (color and shape of leaves) Red Sails, Black Seeded Simpson, Lolla Rossa, Quatre Saisons, Oak Leaf  
Broccoli – DiCiccio  
Onion Bulbs – red and yellow or white  
Peas—Sugar Snap (Cascadia) and Snow Pea (Oregon Sugar Pod I or II)  
Transplants (optional):  
Edible Flowers – Pansies or violas of different colors

## **3rd Grade “Endangered Species Salad Garden” Seeds/Supplies**

Try to use open-pollinated, heirloom varieties of seeds.  
Carrots – Nante, plus one of the new purple varieties of carrot.  
Radishes – French Breakfast  
Lettuce – Two to four different heirloom varieties, such as Black Seeded Simpson, Lolla Rossa, Quatre Saisons, Oak Leaf, Speckles  
Broccoli – DiCiccio  
**Transplants (optional):**  
Edible Flowers – King James violas are an heirloom variety still commercially available

## **4th Grade “California Agriculture Salad Garden” Seeds/Supplies**

Carrots – Nante or Babette  
Cabbage  
Lettuce – Two to four visibly different varieties (color and shape of leaves), i.e. Red Sails, Black Seeded Simpson, Lolla Rossa, Quatre Saisons, Oak Leaf  
Broccoli – DiCiccio  
Onion Bulbs – red, yellow or white  
Peas – Sugar Snap (Cascadia) or Snow Pea (Oregon Sugar Pod I or II)
